IPC Paralympic ski World Cup in Friuli Venezia Giulia Italy

“Waiting the 2017 World Championships“

Piancavallo (09-10 february 2014), will host a stage of the 2014 **IPC Alpine Skiing Europa Cup** and Tarvisio will be the official Venue of the 2014 **IPC Alpine Skiing World Cup Finals - 9° Memorial Hans Erlacher**, from 24 to 27 february. More than 1000 people, coming from all over the world, will get to Friuli Venezia Giulia.

The IPC alpine skiing Committee has scheduled, even for the 2014 season, these prestigious and international Top Events in that Region of the North-East of Italy, assigning the local organization, one more time, to Sci Club Due from Ronchi dei Legionari-Monfalcone and to the LOC President, Mr. Paolo Taviani, a precursor of the paralympic activities in Italy, as his resume indicates: 9 paralympic medals, 5 world championships and 3 european championships medals as athlete (from 1988 to 1998) and as Coach of the italian national ski team (from 1998 to 2006), he won 14 medals in Winter Paralympic Games (2002 and 2006).

During the Winter Universiade of Tarvisio 2003, The Sci Club Due and the L.O.C have organized the first paralympic alpine skiing race on the Zoncolan Mount course.

From there they planned, every season, an IPC alpine skiing Event as it is possible to see on the table below.

YEAR	EVENTS	ATHLETES	VOLUNTEERS	STAY
2003	W.Universiade	35	10	45
2004	Italian Cup	55	10	70
2005	Europa Cup	160	70	460
2011/2012	World Cup	100	100	750
2006/2010/1013	Europa Cup Finals	150	150	1000
2007/2014	World Cup Finals	150	150	1000

All these Events have been organized in partnership and collaboration with the Region Friuli Venezia Giulia, the Regional Tourism Board, the Regional Agency Promotur, the Regional Civil Protection, the IPC alpine skiing committee, the FIS, the FISIP and CIP, the pool of local communities and venues, the volunteers group and the Official Supporters and Sponsors.

The 2014 IPC alpine skiing events and races in Friuli Venezia Giulia are included in a long project, started in 2003, that will end in 2017 with the bid to host the IPC alpine skiing World Championship.

Athletes, Coaches, Technicians and IPC/ FIS Officials consider the slopes and tracks of the Region Friuli Venezia Giulia some of the best in the world, from the technical point of view, and from their preparation and management. On these slopes the best world Champions will perform, thinking also to the upcoming Winter Paralympics in Sochi, Russia (march 2014).

The Local Organizing Committee, for the ninth year in a row, is ready to welcome all the IPC alpine skiing circus with an Events full Schedule (races, various ceremonies, receptions and collaterals); the main goal is to turn more attention to these athletes and champions who are an example to promote, basically, to the youngest generations.

About this aspect, the “School Project” will continue also in 2014, with the cooperation of the Regional Education Board and Department.
